## Program Report

### **Program Name: An Awareness Program on cashless Transactions**

Basically, India being an agriculture and rural dominated nation many of the dwellers rely on by-hand cash in terms of money transactions. As of late, due to sudden demonetisation these are affected due to lack of knowledge on digital transactions. Few of our trained volunteers and students under the VISAKA training program along with few faculty and SBI Ananthagiri officials initiated an awareness program for the people of Ananthagiri, Ameenabad, Golthanda, Kanapuram, Bojjagudem thanda and Venkatrampuram in which they moved throughout the villages and incorporated knowledge on various aspects like swiping of cards, change of pin and password. Also, personal attempts on these activities were shown in practical to ensure the aptness. Despite the first venture, consequential benefits were apparent.

Out of the deep - seated goodness the faculty, NSS students of ANURAG ENGINEERING COLLEGE, Ananthagiri Village & Mandal are invariably to work out for the ways to be helpful usually with some monetary and allied involvements towards the needy.

Being bucolic environs difficulties met are widespread and the helping tendency starts at once as the habituated ones with kind-heartedness have some financial background indeed

Being the initial endeavour, the benefitted ones are a bit limited as awareness pertaining to this is quite meagre.
