

# ANURAG Engineering College

(An AUTONOMOUS Institution)

(Approved by AICTE, New Delhi, Affiliated to JNTUH)  
Ananthagiri (V&M), Suryapet (Dt), Telangana State.

## 3.3 Innovation Ecosystem

3.3.1 Institution has created an Ecosystem for innovations creation and transfer of knowledge supported by dedicated centers for research, entrepreneurship, community orientation, incubation etc.

Innovation and Entrepreneurship are the driving forces to enhance knowledge and creativity. The Professional students have capability to create the wonders with technology by proper training and motivation. Incessant skill development programs are useful to improve their knowledge. To develop information and teaching skills through workshops, the institution provides a digital library. Teaching innovations are helpful to develop the faculty expertise. Faculty can improve his / her knowledge by attending seminars and workshops. Financial support is also provided from the management to attend conferences.

Faculty members are encouraged to increase their skills, qualifications and financial assistance also will be given to the faculty. UG and PG students are encouraged to do mini and major projects in industries to get live experience. LCD projectors are used in the classes and laboratories for constructive presentations of e-learning programs. Fostering entrepreneurship among young people and inspiring them to self-employment, as well as planning, directing and mentoring efforts by students and potential entrepreneurs in different fields. The institution provides a dynamic interface to promote the involvement of students in different entrepreneurship- ideation programs.

Technology plays a crucial role to gain knowledge and virtual experience. Students have been encouraged to ask questions in the classroom to make classes more lively. A co-curricular stimulus is produced by the different departments through workshops and seminars. These lectures spark the learners' imagination to sharpen their creativity. The optimum functioning of an advanced ecosystem of innovation benefits from both spontaneous and informal exchanges arising from natural serendipity and coordinated interactions. These strategies and tools include collaborative intelligence management systems, forums for ideation, techniques such as design thinking and rapid prototyping, and foresight.

The ecosystem would feel inspired and interested only by having certain common objectives and values. In order to establish an inter-organizational culture that connects its members through their shared intent; these common principles need to be defined and expressed in an ecosystem in the same way as it is done within an organization. The Institute has many outlets for the realization of these concepts. The Institute is inspired to engage in different quizzes and debates. Technical Fest is planned to persuade and motivate the students to work on the applications of upcoming technologies. Students are advised to propose a solution to the various problems that exists in the society.

Education is perceived in the most of countries as a means of enhancing equity and equality. Innovations could help enhance equity to use of education, as well as equality in learning outcomes. Monitoring and addressing the issues of enhancing creativity and entrepreneurial skills among faculty members and students. By using the current trends, the faculty members are empowered to take up research activities creatively. Student skill development centers were set up where learners were provided programming and hardware interfacing skills on the latest technologies. The faculty and students acquire more knowledge and skills by participating in various knowledge-centered programs in this Institution.

## INDUSTRY INSTITUTE INTERACTION COMMITTEE

Industry Institute Interaction committee facilitates continuous interaction between academia and industry. The feedback from Industry will enable the institute to introduce, modify academic and other processes for educating and training both faculty & students. This will also assist the students to get right placements and the competent for effective performance in the industries, and also planned to make MOU's with esteemed industries for mutual benefits in the academic year 2017-18.

## CIRCULAR

This is here by informed to the members of Industry Institute Interaction Committee, meeting will be held on 13-07-2017 at 10:00 AM at Conference hall. All are requested to attend the meeting for the academic year 2017-18.

### **Agenda:**

- i) Informing about the constitution and nominations of industry institute interaction committee.
- ii) To consider activities of industry interaction committee.
- iii) To consider draft policy of industry interaction committee.

All are requested to make it convenient to attend the meeting.

## Minutes of Meeting (2017-18)

The Industry Institute Interaction Committee meeting held on 13.07.2017 at 10.00 AM. In the Conference hall Dr. M.V.Siva Prasad Principal, Anurag Engineering College presided over the meeting.

- i) Discussed industry interaction committee and selected few members as a committee.
- ii) Selected few professional faculty appointed to approach industries.
- iii) Discussed about Industrial visits and internships by students at different industries.
- iv) The draft policy includes activities under industry institute interaction committee.

Following members were present in the meeting:-

## Minutes of Meeting (2017-18)

The R&D Committee meeting held on 13.07.2017 at 10.00 AM. In the Conference hall Dr. M.V.Siva Prasad Principal, Anurag Engineering College presided over the meeting.

### Points Discussed:

Dr.M.V.Siva Prasad, Principal welcomed convener and members in general .The following decisions (agenda wise) were taken after detailed discussion among them in the meeting

### Functioning of various R&D committees:-

Discussed about the functioning of R&D committee and the members are satisfied with R&D policy and Consultancy Policy proposed by Chairman, was discussed and approved.

Dr.V.Srinivasa Rao, Convener gave oral presentation regarding the developmental activities and progress of the college. After witnessing the presentation, the Research ethics Chairman appreciated the actions taken by the Management of the College.

Members suggested improving Research publications in refereed journals preferably free journals by Faculty in all branches of engineering. And also Members suggested participating in more FDP and valuing added courses.

The meeting is concluded with vote of thanks by the Convener.
