

Annual e-Governance Report for the Academic Year 2019-20

The E-Governance has changed the way of administration in the modern education system. It is to improve work efficiency and to promote democratic values among the student community. It is being used as a platform for efficient, transparent and timely delivery of services to all the stakeholders. In essence the purpose of e-governance is to bring transparency and efficiency in an organization. The institution has employed e-Governance in the following prominent operations:

- 1) Administration
- 2) Finance and Accounts
- 3) Student Admission and support
- 4) Examination

1. Administration

- The college authorities can implement full supervision of all service units in the office through online.
- The College website www.anurag.ac.in regularly publishes and provides time to time information and notices related to administration and academic activities. The site is regularly updated to project the updated information regarding: Vision and Mission of the institute and OBE related information, Faculty profile, etc.
- The College administration has stepped ahead in the direction of paperless administration and almost all communications with higher authorities are realized online through e-mails.
- WhatsApp Group helps to provide the important notices/circulars of any event which are going to take place in the college.
- WhatsApp Groups are also used to create awareness of smooth functioning of the administration.

2. Finance and Accounts

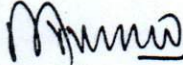

- The e-payment options were provided to all kind of financial transactions like, the salaries of employees and examination remunerations are paid through online.
- Students are also paying tuition fees and other payments through online.

3. Student admission and support

- Regarding Student admission and support, the college has made a great leap in the implementation of E-Governance with a full automation of student admission procedures and maintenance of an exhaustive student profile.
- To communicate with parents regarding their child's attendance and other performance information institution uses a SMS service.

4. Examination

- The examination branch uses BeeS Examination Tool (BET) software for pre & post Examination Modules for registration of students, Hall ticket generation, Seating plan, Marks Scanning, Results processing, Printing of grade sheets, etc.
